

QUALITY OF LIFE

12. Other Local Authority Services

THE PRESENT SITUATION

Apart from the Parish Council, the other authorities providing services to the parish are Wyre Forest District Council and Worcestershire County Council. Located in the extreme north of the District and the County, there is a feeling that the parish is isolated from these councils, and that their members and officers do not have much knowledge of residents' views and needs.

Issues

- Lack of information about District and County Council policies and activities;
- Distance from District and County Council centres of power and services.

<u>Actions</u>	<u>Stakeholders</u>	<u>Timescale</u>
Provide more information to parishioners about Council services.	WFDC, WCC	Ongoing
Assist the Parish Council in providing access to services.	WFDC, WCC	Ongoing

Policy Statement

The Parish Council aims to assist parishioners in gaining full access to other authorities' services and to information about them.
